

Pan tuners to talk insurance

Dr Anthony Achong will be guest speaker at today's general meeting of the Steelpan Tuner's Guild of Trinidad and Tobago at La Fantasie Resource Learning Centre, La Fantasie, St Ann's, at 5 pm.

Dr Achong, a science professor, will make a presentation on the steelpan. Several topics also are listed for discussion, including insurance for members and United States visa applications.

All tuners are asked to make a special effort to attend the meeting.

The Tuners' Guild, an arm of Pan Trinbago, was formed last year.

Among its aims is to raise awareness among tuners about the need to document and patent their innovations and to improve the quality of tuning and classification of tuners.

Fitzroy Henry, president, will chair the meeting.
