Panmen seek Mayor's aid in finding new HQ

PAN TRINBAGO is hunting for new headquarters.

The search took the newly-elected executive to Port-of-Spain's Mayor Lakshmidatta Shivaprasad yesterday.

Led by Mr. Bertie Fraser, president, the team asked the Mayor for any assistance in this direction. The Mayor promised to help.

Steelbandsman have expressed disgust with the delapidated condition of their present headquarters at Queen Street, Port-of-Spain.

The Mayor informed the delegation that the Twinning Association and the Multi-

Cultural Association, both in St. Catharines, Ontario, Canada, were interested in getting steelband tutors to teach the art in the Canadian city which is twinned with Port-of-Spain.

Pan Trinbago requested that a representative of panmen be included in the local contingent attending the Grape and Wine Festival in St. Catharines each year.

At yesterday's meeting it was agreed to institute a "Pan in the Square" programme at Woodford Square, starting six weeks before Carnival 1975.

A steelband will play each Sunday.
