

North Stand will be ready

PANORAMA national preliminaries scheduled for Sunday at the Queen's Park Savannah Port of Spain, is definitely on, Mr. George Goddard, public relations officer, assured last night.

Mr. Goddard said he had got the assurance of the engineer involved in preparing the North Stand that work would be completed in time for the show.

Completion of the stand was two days behind schedule, and Mr. Goddard voiced fears that as a result it would have been difficult to stage the preliminaries since a loss of revenue would have been involved also.

The show, in which 45 bands will take part, will start at 10 a.m., sharp, Mr. Goddard said.
