Students direct their stories at UWI Life 2017

Last week, new students at the St Augustine campus of the University of the West Indies (UWI), and their supporters, came out in their numbers to university's official orientation programme - UWI Life 2017 - as part of the First Year experience programme schedule of events.

Under the theme, Direct Your Story - students engaged directly with the campus management, guild and their fellow cohort for an informative day followed by live entertainment by soca artistes Nailah Blackman and Preedy at the Information Village on the campus. Parents, guardians and spouses also got the chance to have their questions addressed and learn tips on how to successfully transition into their new roles of university student supporters.

From a dream to their reality
