THE SWEET sounds of the steel pan filled the air in San Fernando on Sunday night as a host of southern steel orchestras took to the streets.

The event, dubbed Pan and Mas in the Streets, was organised by the San Fernando City Council as part of a series of activities commemorating San Fernando's city week celebrations.

The bands included TCL Skiffle Bunch Steel Orchestra, Southern Marines Steel Orchestra, Pan Elders Steel Orchestra,

The San Fernando Senior Comprehensive School Steel Orchestra and the San City Steel Symphony.

There was also a strong police presence throughout the celebrations as special emphasis was placed on the security and safety of patrons.

Many patrons were high in their praises of the performances saying they expected the level of standard to rise during the peak Carnival season.

Other bands which made commendable performances on the road were Pan Elders and Southern Marine Steel Orchestras.
