

Sugar Mill, Trinidad, W. I.

*Just rec.
 a nice breeze tonight - several
 rains today - Had 4 meals - with
 fruit juices with each one - orange,
 guayaba. Saw entire groves
 of that rose apple you enjoyed in
 Hawaii. Marie Noble asked
 about you. Saw an anthurium
 farm today - reminding me of
 the ones we saw in Hawaii.
 & in Martique this spring.
 Met my professor from Hawaii
 who taught me about orchids that
 summer I was over there. Collected
 some arumto pods today -*
