

TCL Group and Skiffle Bunch Steel Orchestra

...Celebrating 25 years of a SOUND Relationship

When a dream is built on an harmonious blend of talent and commitment, anything is possible!

And this principle holds true to the 25-year-old relationship between the TCL Group and the world-celebrated TCL Group Skiffle Bunch Steel Orchestra.

The TCL Group undertook sponsorship of the Orchestra with enthusiasm and passion, and a commitment that has today helped to position the ensemble among this country's best as well as steel pan experts on the world stage.

Through the years, TCL Group Skiffle Bunch has excelled locally, including the achievements of a first-ever, 1st-place hat-trick in the South Panorama competition – from 2004 to 2006 and two-time winner of the World Steelband Music Festival – 2000 (International) and 2002 (National). The orchestra has also been able to exhibit its musical genius around the world, including participation in 22 outstanding international tours from 1984 to 2004.

Here's to enjoying the silver lining of our relationship!
