An initial payment to workers at the UWI St. Augustine Campus will be made at the end of March 2020.

The Campus Administration says this applies to all active Administrative, Technical and Service Staff and Daily and Weekly Rated Workers.

Yesterday, a senior UWI team and members of the OWTU signed a copy of the collective agreements, following productive talks related to the processing of the back pay.

The UWI says it is aggressively pursuing the recovery of the GATE receivables from the relevant agencies, as this is required to fund the back pay.
