Dear Dr. Lord,

I am sure you have seen the story on the front page of today's Gleaner under the heading "Policeman found guilty of assaulting Prisoner." Since morning at least one person has phoned me and two others have stopped me on the street to draw my attention to this story.

It seems to me that this is one of the nastiest cases of assault by the police and that it is a case in which your Association should take an active interest. Binding a police over for a year for this kind of assault seems to me a most unfortunate way of deterring other policemen from similar behaviour.

I do hope your Association will make an issue out of this: I certainly proposed to.

With warmest personal regards

Your sincerely,

PA

Dear Mr. Abraham, we all greatly appreciated your talk last night. It has stimulated a great deal of talk and thought, which is what we want. We hope that your wife and yourself had a good journey back. Thank you both very much for coming. We shall keep you in touch with our activities. Sorry to be a nuisance but my little boy has been begging for your autograph or any odd scrap of paper! You may remember my wife mentioned it last night! Again many thanks -
Yours sincerely
Lutz Lord.
