

LIST OF TABLES

TABLE NO.	ABSTRACT	PAGE NO.
1	Population by Administrative Area (1969 Census)	9
2	Gross Domestic Product of Trinidad and Tobago at current prices 1972-1981	11
3	Trinidad and Tobago and, indeed most developing countries have been plagued by a chronic housing problem.	13
4	The gap between demand and supply of dwelling units in many developing countries keeps widening and only a well planned and co-ordinated housing programme can arrest this worsening situation.	17
5	Total Projected Demand for Water 1985 & 1990	18
6	The housing problem is multi-factorial, but the shortage of money combined with the lack of expertise appears to be the foremost inhibitors to the alleviation of the problem. Solutions are often piecemeal and unplanned, resulting in the wastage of precious resources.	27
7	and Private Generating Plants 1972-1981	28
8	Trinidad and Tobago Graduates from University of the West Indies by Faculty	32
9	Construction 1972-1977	39
