Between Trinidad and

Saturday climbed 5000ft to
Caracas over a wonderful
winding railroad. Today
took a lovely drive thro'
the very dense tropical
country of Trinidad. There
are a great many East Indians
there. This is proving
to be a very wonderful
trip even better than we
expected. Our ship the
"Reliance" is manned by
German stewards. It is the
cleanest place imaginable and
very fine in every way. A.B.A.
