Hells all - The trip is going very well. Trinidad is a change from southern Mexico. The Trinidad & Tobago tour is much more relaxed with less problems. I'll be home soon. Either late on Friday night (Nov. 21) or on Saturday (Nov. 22). I'll call from New York. I hope that everyone and everything is well. I'm not looking forward to that late Fall New England weather but I am looking forward to some home cooking (like spaghetti and meat sauce).
