Amral's Trinidad Cavaliers III

SG. 17.8.75

PROMOTER Amral Khan gets in on the action with the Cavaliers III.

ACCORDING TO MR. AMRAL KHAN, his third group; Amral Khan's Cavaliers III has been concentrating on a highly sophisticated repertoire of music. Their musical arranger Bobby Lennox Mohammed, has been spending endless hours drilling this fantastic group, which consists of two women, into making the most beautifully arranged steelband music.

The group has already polished off their hundred odd tunes to which they have developed special dance and showmanship techniques that have already brought unparalleled glory to Amral's steelband groups and to Trinidad and Tobago.

During their past tours of the United States the band has won unlimited acclaim and recognition. The following comments of the international critics about the band speak

for themselves.

The steel drum is one of the world's most recently developed musical instruments... When people hear the band, they keep looking for the organ. —Dallas Times Herald, USA, October 12, 1973.

They make their amazing music from hand tuned steel oil drums... The lead or melody drum produces an incredible 36 clear, bell-like notes. —Tulsa Daily Word, USA, October 4, 1973.

We cannot tell you how much we enjoyed you and the Amral's Trinidad Cavaliers here at the Fair. Certainly no group has been as co-operative as yours. It is self-evident at each performance that the audience is really being entertained. —Jim Skinner, State of Texas, USA, October 19, 1973.

As you know, your group was well received by all who
