

PAN MEN TOLD LEAVE REVENGE TO GOD

REV. FR. A. Mc CARTHY, Roman Catholic Parish Priest of San Juan on Tuesday night appealed to members of the East Side Symphony Steel Orchestra "to leave revenge to God, and try to live within the laws of the country."

Fr. Mc Carthy was invited to the East Side tent by Vice-Capt. L. Doyle to meet the pan men and bless them and their pans.

"It is not a wise thing to take the law in one's hands", Fr. Mc Carthy said, "and it is also very foolish to go along life with chips on the shoulder.

"It is better for all, yourselves and the

people of the nation, if as young men, in your new band, that you strive hard to get to the top and make a proper name for yourselves, than to go around with a grudge. Of course, mistakes are made every day, and it would be a terrible world to live in, if there would be no forgiveness.

"So, my lads, as a minister who has lived in, and for the village of San Juan for the past seven years, we—and that of course includes me—will be very happy if you could live peacefully with your fellow men, and have a very happy and clean carnival".

Vice-Skipper Doyle, on behalf of Skipper "Son" Johnson and the boys, pledged to maintain happy fellowship with all, and joined the Parish Priest in prayers.

"Pan Men Told Leave Revenge to God."
