'BIRTH OF THE STEELBAND'

7 JAN 1971 EVEN NEWS

THE MAYOR of Port-of-Spain, top executives of Esso Standard Oil S.A. Ltd. Trinidad, members of the Esso Trinidad Tripoli Steelband, and members of the news media were guests at the re-opening of the Old Oak Casablanca Panyard Theatre, Argyle Street, Port-of-Spain, last night.

The audience was more than thrilled with Casa-

blanca's act—the "Birth of the Steelband."

The audience was of the opinion that more people should really go to the Panyard Theatre and see what's going on there. Performances continue nightly.

Lensman HERB JONES caught the panmen here in a tamboo bamboo scene from their act. The audience is attentive.
