Steelband
Live exhibit. T.T.
of 'Bore' pan
Saturday

THE BELMONT New Dimension Steel Orchestra presents 'An Introduction to the 'Bore' Pan an Innovation of Denzil 'Dimes' Fernandez on Saturday July 14 from 6 p.m. at the Pan Yard corner Serreaneau Road and St. Francois Valley Road.

The 'Bore' pan represents an attempt to provide a new dimension in Pan as it may very well revolutionise the process of making and tuning the steelpans.

The 'Bore' pan may provide enhanced tonal quality, greater sustainment of notes, wider range of notes and other features.

Against this background the programme will take the form of a live exhibition and demonstration of the 'Bore' pan thereby providing tuners, pan enthusiasts and others with an opportunity to appraise the potential and other possibilities of this innovation.
