Report on the Caribbean Advanced Proficiency Examination (CAPE) Results for 2014

All Jamaican Candidates

In the June 2014 Caribbean Advanced Proficiency Examination (CAPE), candidates were entered for **25** subjects namely: Accounts, Applied Mathematics, Art and Design, Biology, Caribbean Studies, Chemistry, Communication Studies, Computer Science, Economics, Electrical and Electronic Technology, Environmental Science, Food and Nutrition, French, Geography, Geometrical and Mechanical Engineering Drawing, History, Information Technology, Law, Literatures in English, Management of Business, Pure Mathematics, Physics, Sociology, Spanish and Digital Media, which was sat for the first time.

A total of **15,808** candidates (**5,827** male and **9,981** females) were entered for subjects in both Units 1 and 2. Of the number entered, **15,276** (96.6%) sat, achieving an average pass rate of **96.5%**. Unit 1 had a total of **15, 511** candidates entering of which **14,958** (96.4%) sat and **14,260** or 95.3 percent received passing grades. Of the **7,949** candidates who were entered in Unit 2, **7,618** (95.8%) sat and **7,127** (93.6%) received passing grades. It must be noted that of the **15,808** candidates, 7,859 entered for subjects in Unit 1 only, 297 for Unit 2 only and 7,652 entered for subjects in both Units 1 and 2.

The CAPE 2014 examinations saw 4,007 more females than males being entered for the examinations. Of the 9,981 females who entered 9,680 (96.6%) sat and 9,406 (97.2%) received passing grades. There were 5,827 male candidates who entered of which 5,596 (96%) sat and 5,333 (95.3%) received passing grades. It must be noted that some students who were entered for Unit 1 were also entered for Unit 2. The data revealed that some 13, 718 candidates were from public institutions while 2,090 candidates were

from other private institutions. Most of the candidates who sat the CAPE Examination were entered from public secondary schools.

A total of **12,407** candidates were entered for both units from secondary level schools. It must be noted that of the 12,407 candidates, 5837 entered for subjects in Unit 1 only, 104 for Unit 2 only and 6,466 entered for subjects in both Units 1 and 2 (**See Table 1**). The community colleges accounted for **1,311** candidates. There were 774 candidates for Unit 1 only, 25 for Unit 2 only and 512 candidates for both Units 1 and 2.

Subject Entries

The June 2014 CAPE examination had a total of **57,858** subject entries for Jamaican Candidates in Units 1 and 2. This includes **21,236** entries for males and **36,622** for females. Of the 57,858 entries received **40,750** were for Unit 1 and **17,108** were for Unit 2. There were **4,673** more entries in 2014 than the previous year.

Of the **40,750** subject entries for Unit 1, **38,536** (94.6 %) were sat; while **16,436** (96 %) of the **17,108** entries for Unit 2, were sat. An average 88.1% pass rate was achieved for overall entries in both Units.

Public secondary schools had **47,455** subject entries for both Units (**33,140** entries for Unit 1 and **14,454** for Unit 2). This number was 5,120 more than that of 2013. Biology, Caribbean Studies, Communication Studies, Management of Business and Sociology had the most entries (more than 2000) for Unit 1 from public schools.

Overall Performance of Jamaican Candidates on Subjects Entered

Of the twenty-five subjects sat in Unit 1, thirteen received passing grades of 90% and above, with the new subject, Digital Media having a 100 percent pass rate. Pure Mathematics and Geometrical and Mechanical Engineering Drawing had pass rates below 70 percent **(See Appendix 1)**.

Of the subjects sat in Unit 2, there were 14,897 (90.6%) with passing grades. Twelve subjects had passing grades between 90 and 98.8 percent. Food and Nutrition had the highest pass rate of 98.8 percent while Accounting and Applied Mathematics had the lowest passing grades of 78.1 and 78.8 respectively **(See Appendix 2)**.

In 2014, some 3,131 more entries were sat for Unit 1 and 984 for Unit 2 than in the previous year. There was improvement in the number attaining grades 1-5 in Unit 1, moving from 31,479 to 33,519, a difference of 2,040. Unit 2 also had 998 more entries attaining passing grades when compared with 2013. However, there was a slight decrease in the overall performance rate of 1.9 and 1.2 percentage points for Units 1 and 2 respectively **(See Appendix 3)**.

The performance of females continues to be better than their male counterparts. Of the 35,055 subject entries sat by females, 89.7 percent received passing grades while 85.2 percent of the 19,917 subject entries sat by males received passing grades **(See Appendix 4)**.

Performance in Public Secondary Schools and Community Colleges

Unit 1

Candidate Entries and Sittings

A total of **13,321** candidates from both types of institutions entered for subjects in Unit 1; **12,303** from Public schools and **1018** from Community Colleges. Of this number, **11,828** candidates sat from secondary schools and **942** candidates from community colleges. Females accounted for **8,230** or approximately **62** percent of the students from both types of institutions.

Public Secondary Schools

Of the 12,303 students who were entered for subjects in Unit 1, some 279 (2.3%) did not sit any examination and of those who sat, 97% gained passing grades in one or more subjects. All categories of schools had over 90 percent of their candidates obtaining passes in one or more subjects. The data revealed that the maximum number of subjects sat by a student in Unit 1 was seven.

Further examination of the school types from which the candidates were entered, revealed that 69 percent was from traditional high schools, approximately 16 percent from upgraded high schools, 12 percent from technical schools and 3 percent from new schools. Of the entries that were sat, traditional high schools had pass rate of 98.5 percent while upgraded high schools had a pass rate of 91.8 percent (**See Table 2**)

Table 2: Public School Candidates Performance in CAPE Unit 1 by Type

There are seven schools that are classified as new: Belair, Green Pond, Holland, Irwin, Rhodes Hall, Spot Valley and The Cedar Grove high schools. The Cedar Grove High and Belair High entered candidates for the first time as new public schools.

An analysis of the data for Unit 1 revealed that in 2014 a total of 379 candidates were entered from the new high schools. This is an increase of 225 students over the previous year when only 154 students were entered. Of the 379 students entered, 362 or 95.5% sat and approximately 93 percent received passing grades in one or more subjects.

The upgraded high schools entered some 2000 students in Unit 1 examinations. Of the students who sat, approximately 92 percent received passing grades in one or more subjects.

Subject Performance

In the Unit 1 examinations, a total of **33,140** subject entries were from secondary level schools: **20,545** for females and **12,595** for males. Of the subjects entered, **31,806** or 96 percent were sat and **28,358** or 89.2 percent received passing grades (**See Appendix 5a**). Approximately 91 percent of the entries sat by females received passing grades while approximately 86 percent of those sat by males received similar results (**See Table 3 below**).

Table 4 below shows that there were 1,465 subject entries from new schools. Belair and Rhodes Hall High Schools had the highest number of subject entries; 384 and 342 respectively. Irwin and Holland High schools had the smallest number of subject entries of 100 and 101 respectively. The Cedar Grove Academy had 139 subject entries.

Table 5 gives a breakdown of the number of subjects sat/passed in Unit 1. The data revealed that most students sat between one and four subjects with only 492 students sitting five or more subjects. A total of 7,904 (65.7%) of the students sat 1-3 subjects. Except for the traditional high schools where one student sat seven subjects, students in the other school types sat a maximum of six subjects. **See Appendix 6** for details on the performance of candidates from the different school types.

CAPE Unit 2

Candidates Performance

Analysis of the data revealed that 6570 students were entered for CAPE Unit 2. Of this number 104 candidates were entered for Unit 2 only. Some 1,788 more females were entered than males. A total of 6,361 or approximately 97 percent of the students sat the examination. Of those who sat, 94.5 percent received passing grades for one or more subjects (**See Table 6**).

Subject Performance

There were **14,454** subject entries from public secondary schools in CAPE Unit 2. Of this number **9,242** were entered for females and **5,212** for males. Entries sat totaled **14,022** of which 64 percent were for females. Approximately 92 percent of the subjects that were sat received passing grades. **(See Table 7 below and Appendix 7 which provides details of performance by subject).**

Community Colleges Units 1 and 2

Performance by Candidates

A total of **1,311** candidates (896 females and 415 males) were entered for both CAPE units. 774 candidates were entered for Unit 1 only, 512 for both Units 1 and 2, and 25 for Unit 2 only. Approximately 94 percent of the students who sat received passing grades for both Units 1 and 2. The performance of the males though not as good as that of the

females, is comparable as they received 92.6% passes to the females 96.5% (See Table 10).

Subject Performance

In the CAPE 2014 Examinations, a total of **4,723** subject entries were from community colleges. There were 699 more entries when compared to 2013. Unit 1 had **3,485** subject entries while Unit 2 had **1,238**. Of the subjects entered for Unit 1, some 3,118 or 89 percent were sat, and approximately 79 percent attained grades 1-5. In Unit 2, some 94% of the subject entries were sat, and 90 percent of those sat received passing

grades. An analysis of the subjects sat in both units, revealed that the pass rates ranged from 50 to 100 percent. Pure Mathematics had the lowest pass rate of 50.6 percent while Applied Mathematics and Spanish had the highest pass rate of 100 percent. Electrical and Electronic Technology, Caribbean Studies, and Communication Studies had pass rates of 91.7, 93.2 and 93.7 percent respectively. All other subjects had pass rates of over 70 percent, except for Economics (66.3%) **(See Appendix 8)**.

The institution with the highest subject entries was Montego Bay Community College (36.8 percent) while Knox Community College (Day) had the lowest percentage of 5.8. Majority of the entries (4,200) were received for 1-3 subjects. Fourteen candidates entered for seven subjects; seven of which were from Montego Bay Community College, while Portmore Community College had four, Knox Community College had two and Brown's Town had one. In Unit 2, there were 1,238 subject entries recorded. Montego Bay and Brown's Town Community Colleges continued to field the highest number of entries with approximately 71 percent of the subject entries in this Unit.

Quality of Passes for Public Schools and Community Colleges

A comparison of the passes attained at Grades I-III in Units 1 and 2 at public schools revealed that the rate for Unit 2 was higher by 7.1 percentage points than that for Unit 1. In 2014, **47.5** per cent **of the subjects entered for** Unit 1 received grades I-III while **54.6** per cent received similar grades for Unit 2. These percentages are lower than those for 2013 when the rate for Unit 1 was **52.4** percent and **56.9** percent for Unit 2.

In the combined CAPE Units, the community colleges had 40.2 per cent of their entries receiving grades I-III. The rates in 2014 were 35.5 percent for Unit 1 and 52.7 percent for Unit 2 respectively. The rate for Unit 1 decreased by 5 percentage points in 2014 while for Unit 2, the rate increased by 1.7 percentage points over the previous year. **(See Appendix 9-16)**.

Conclusion

Jamaican students performed fairly well in most subjects sat at CAPE Units 1 and 2, with average pass rates of 60.5 percent and above in Unit 1 and over 78 percent in Unit 2. Of the 25 subjects sat in Unit 1 and 22 in Unit 2, a total of 8 and 9 subjects respectively, showed improved pass rates over those of 2013. Accounting, Applied Mathematics, Digital Media, Economics, French, History, Management of Business, and Pure Mathematics saw percentage increases in Unit 1 while those in Unit 2 were Chemistry, Electrical and Electronic Technology, Environmental Science, Geography, Geometrical and Mechanical Engineering, History, Management of Business, Pure Mathematics, and Physics. The majority of the students who were entered to sit the examination did so as only three percent of those entered were absent.

The Cedar Grove Academy (being the newest high school), which fielded students for the first time in these examinations, had an overall pass rate of 84% for the subjects sat in Unit 1. No student was entered for Unit 2. Of the 15 subjects for which students were entered, 8 of these subjects namely Accounting, Communication Studies, Environmental Science, Geography, Law, Literatures in English, Management of Business and Sociology had pass rates of 100 percent .

Belair High School entered students this year for the first time as a public institution, and had overall pass rates of 93% in Unit 1 and 91% in Unit 2. Nine subjects in Unit 1 had pass rates of 100%. These are Art and Design, Biology, Chemistry, Communication Studies, Computer Science, Geography, Physics and Spanish. Eight subjects in Unit 2 namely Art and Design, Biology, Chemistry, Computer Science, Physics, Management of Business and Sociology had the same pass rate as those in Unit 1.
