## **INTRODUCTION**

The Statistics presented in this report are intended to provide a general picture and give quantitative measures of Student and Staff resources which are contained within the University system at the end of the academic year, 2004/2005. The report mainly provides information in tabular form, on the following:

- (a) Student Registration and Admissions
- (b) Student Output
- (c) Staff resources employed in academic teaching as well as in Administration and Support Services

Statistics on these matters have been presented for the University as a whole and also for each campus. Particularly in the case of registration data, there is a distinction made in the tables between students who receive their education on the campuses and those who receive their instruction at off-campus sites in the various contributing territories. Such information should enable the reader to see the wider impact of the University on the development of human resources in the region.

## **THE UNIVERSITY'S STRUCTURE**

An understanding of the organizational structure of the University of the West Indies should prove useful in understanding the organization of the statistical data, particularly for student registration and staff resources. As a result, this section is devoted to the description of the various faculties, departments and institutes that make up the University.

The University of the West Indies comprises three campuses, namely: CAVE HILL in Barbados, MONA in Jamaica and ST. AUGUSTINE in Trinidad. There are also University Centres located in the other contributing countries which form a part of the regional institution. They constitute the outreach arm of the University, providing classroom teaching and also facilitating the delivery of courses through the Distance Learning method and the Internet. The Distance Education programme is currently being expanded.

Additionally, the University maintains a working relationship with a number of tertiary level affiliates including: Theological Colleges - United Theological College of the West Indies (Jamaica), St. Michael's Theological College (Jamaica), Codrington College (Barbados) and St. John Vianney (Trinidad

and Tobago); Schools of Technology and Teacher Training Colleges such as the Mico College and Shortwood Teachers' College in Jamaica; The Caribbean Meteorological Institute (Barbados); The Institute of International Relations (Trinidad and Tobago); The Institute of Business (Trinidad and Tobago); The Centre for Management Development (Barbados); The University of Technology (Jamaica); and the Management Institute for National Development (Jamaica). The statistics in this report relate to these entities as well.

The following are the functional units within the University system for which statistics are presented:

## **THE UNIVERSITY CENTRE**

The University Centre functions as a cementing medium, facilitating the coordination and cohesion of its campus parts. It consists of the Vice-Chancellery and various operating units, as follows:

1. The Office of the Vice-Chancellor
2. The Office of Administration and Special Initiatives
3. The Office of the Board for Undergraduate Studies
4. The School for Graduate Studies and Research
5. The Office of Research
6. The Office of the Board for Non-Campus Countries and Distance Education
7. The Office of Administration (Office of the University Registrar)
8. The Office of Finance
9. The Office of Planning and Development
10. The Projects Office (formerly a part of the Office of Planning, it has merged with the Special Projects Unit)
11. The Management Audit Office
12. The Legal Unit

It should be noted that the Office of the Vice Chancellor comprises his personal office, the Capital Campaign Unit and the Academic Office which itself includes, the *Caribbean Quarterly* Publication Unit, the Radio Education Unit, the Library of the Spoken Word and the Creative Arts Centres including the Philip Sherlock Centre, all of which make up the Cultural Studies Initiative.

The Office of the Board for Non-Campus Countries and Distance Education consists of the Pro-Vice Chancellor's Office and three University Centre departments, namely: the Distance Education Centre, the School of

Continuing Studies and the Tertiary Level Institutions Unit.

The Office of the Board for Undergraduate Studies consists of the Pro-Vice Chancellor's Office and the Quality Assurance Unit.

Other University Centre Departments include:

1. The Centre for Early Childhood Education
2. The Tropical Medicine Research Institute (a merger of the former Tropical Metabolism Research Unit of the University Centre, the Sickle Cell Unit, the recently created Epidemiology Research Unit of the Mona Campus and the Chronic Disease Research Centre of the Cave Hill Campus)
3. The Sir Arthur Lewis Institute for Social and Economic Studies (an amalgamation of the former Institute of Social and Economic Research and the UWI Consortium Graduate School of Social Sciences)
4. The Centre for Gender and Development Studies
5. The UWI Centre for Environment and Development

Similarly, the Centre for Hotel and Tourism Management, which is physically located in the Bahamas, is a part of the Mona Campus' Faculty of Social Sciences.

### ***REGISTRATION:***

Refers to the process by which students, upon acceptance into the University, give written notification of the faculty/department courses within programmes they wish to pursue during the semester of enrolment. The summation of each individual student registration constitutes the input data for deriving statistics on Campus and University Student Registrations. The registration data are represented by country of origin of student, by faculty and by programme level, as detailed in the tables.

### ***PROGRAMME:***
