# Post Card

Hello Tom - I'm enjoying myself now in warm sunny Trinidad and Tobago in the West Indies off of the south American Coast. I've collected quite a lot of foreign money from at least four different countries. You'll get some of this when I get back soon. I was surprised to hear of the big trade the Boston Bruins made. I never thought they would give up their big high scoring super star (Esposito) but you never know in the sports world. He was always my favorite. I'm sorry to see him go. Hope it doesn't hurt the Bruins.
