

GOLDEN RAIN or CAT'S CLAW (*Bignonia Unguis-cati*)

POST CARD

GOLDEN RAIN or CAT'S CLAW. *Bignonia Unguis-cati*.

The Golden Rain or Cats' Claw Creeper (*Bignonia unguis-cati*) is a woody creeper reaching the tops of the tallest trees. When in flower every branch of the tree becomes a mass of gold. The name Cats' Claw is due to the little hooks by which it holds on to the bark.

For Address only
