The Blue Basin is a pool formed by the continuous action of a waterfall. The fall itself runs down a deeply grooved channel over which the trees have grown forming a natural roof, considerably adding to the attraction of the place. Large cedars and gum trees, acacias with crimson flowers and other tropical trees make the ravine a scene of great beauty.

Received your letter and was glad to hear from you. will write later. Give my regards to Dell and us folks.
Frank.
