(FOR ADDRESS ONLY.)

Countrywoman going to Market. The soil of
Bourne is very fertile, the climate also being agree-
able for the Black Indians, and the rural population are
enabled to make a good living by disposing of their pro-
duce in the market. They are very frugal and every article
of their food is prepared with care, and they are very
industrious and diligent in their work.

Dear Miss B.

I don't think there are
any donkeys at Bourne, only
not natives, only just one
that I knew of & that
is there, & comes from
Leicester, just just.
Have sent one for you on
the other side.
Am looking forward
to having you both home
again. Saw Mrs. L.
Aunt Annie next week.
Love to them all. Yours
Bob
