TT culture steps into digital age with Digital Pan App

By JOAN RAMPERSAD

THOSE who attended the launch of the Digital Pan App on Thursday at Queen's Hall in St Ann's, felt Trinidad and Tobago culture is finally stepping into the digital age.

The Digital Pan Mobile App is the only steelpan app that is officially and exclusively endorsed by the national governing body for the steelpan, Pan Trinbago. It allows users to virtually play the steelpan on their mobile device and also to select from an array of options enhancing their musical experience.

Kristopher Maillard, Manger Mobile Apps, Digital Business said that this app, powered by Digital Business of

Curepe is designed for both the iPhone and iPad

and can be obtained for just \$1.99. He also spoke of the features of the innovative app. He said it allows the user instant access to the entire range of the steelpan family, including High C, Low C, double tenor, four,
