

I wish you could be here & see all
the funny black people carry in baskets
of fruit on their heads. Every one seems
to have a little donkey cart, usually
very heavily laden. We drove round
the town for about an hour today &
got back to the boat. ni time for
lunch. Had a lovely battle yesterday
water very warm. Comes hardly a
single cloud of Sardinia pursued a
big fish. They see jumped out of the water
every little bit. We have very much to do
and are ~~not~~ ^{not} leaving off. Please Lisa
