Hello  
 This is a nice  
 place to visit you can hardly  
 believe people here like that  
 in 54. No hot water very  
 little plumbing. women carry  
 things on their heads.  
 this is the rainy season so  
 we have showers then clear  
 the rain again. We are going to  
 party like today. Louise  
 the hotel is one of the largest buildings
