

Town of Mandeville

going now for a Planter's lunch at Myrtlebank

No. 721

More like an English country town. ^{his home} ^{strong appeal} — average temperature 61 degrees.

Dear Barbara & Jack: The Libbys

We have had a gorgeous trip so far. The boat is very steady and the Danish crew very good. We have "Smorgasbord" lunches everyday and the best champagne \$3.50 a quart! Finest scotch highballs 17¢. Tonight we are in Kingston and just finished strolling about the town. It is quaint and beautiful. Mother wants to stay right on the pier. Her crowd aboard is phenomenal but there are 37 women to 17 men. Have to watch out for Scotty.
