

Sandy Lane  
St. James, Barbados, W. I.

Well I bet this is a surprise to  
you. In a fit of madness we decided  
to come out here, and within 5 days  
we were here. This hotel is near the  
beach which we haven't been to  
yet. It is gorgeous weather and getting  
rice and brown. You will get this  
after the long cruise which I hope  
went well. Love to everybody +
